Testimonials from CLINT 2023

I want to congratulate and thank everyone responsible for making CLINT 2023 possible. The great work put into the event was evident in its outcome. Thank you.

Gerry Gabulsky's opening keynote was fantastic and set a great tone for the entire conference. I was really impressed by the presentations from Jennifer Vela Valido and Arancha Caballero. And I was completely captivated by Natalia Quintás! Everything from the specifics of her work to her style and energy was inspiring. The whole conference was incredibly valuable and I came away with lots of new ideas and resources to use in my job. Thank you so much and congratulations! Warm regards.

Thank you for putting together such a high-quality international event. The speakers were fantastic, the audiovisuals were top-notch, and the venue was perfect for both the talks and for networking with colleagues during the breaks.

"The conference was incredibly inspiring and left me feeling motivated and excited, just like the first edition. It was wonderful to attend on my own and connect with such a welcoming group of people. I appreciated that the event focused on the broader industry rather than just the language aspect, which is a refreshing change. I can't wait for the next one!"

"The information shared was incredibly helpful, and the overall atmosphere was one of collaboration and appreciation among all participants."

"It was a truly enriching experience from start to finish. I'm so grateful to TINA for putting together such a fantastic event. From the diverse range of topics and excellent speakers to the practical details like the sound system and networking opportunities, everything was absolutely WONDERFUL."
